

# Room 1 - P1/2

## Term 3 January-April 2026

### Literacy -

In Writing, we have been creating our own story endings and P2 have been creating a middle part to their stories too.

We like to share our stories with each other and some of the older children too.

### Numeracy

P1 have been adding and subtracting and are now learning numbers to 20.

P2 have been learning to multiply and are about to divide.

All the children have been working with clocks to make o'clock and half past.

### Health & Wellbeing

In PE we have been working hard to improve our fitness by doing Active Stations.

In Hockey lessons we showed how good we are at using the stick to control the ball.

We have also been learning about our feelings.

### Learning Across the Curriculum-

This Term we have learned about Houses and Homes.

We have investigated the differences between different types of houses and have looked at how homes have changed over the years.

We are looking forward to our Showcase to demonstrate what we have learned.

In Art we made amazing snowmen and snowflakes after a snowy day in school.
