

Room 2 - P3/4

Term 3 January to April 2026

Literacy

In P3/4, as part of our Rainforest topic, we created some wonderful Rainforest Senses Descriptions. We used exciting adjectives to describe what we could see and hear in the rainforest using a video stimulus to help us!

The class also thoroughly enjoyed writing a recount all about our trip to Amazonia!

Numeracy

In Numeracy, we have been working on our multiplication skills! We have used lots of different methods to help us and particularly like listening to times table pop songs to help us know our times table stations!

We also really enjoyed participating in the SLC Sumdag Contest that ran this term!

Health & Wellbeing

In PE, we have been working on our fitness and athletics skills. We have really enjoyed doing the bleep test and working on different activities that can help our stamina!

In H&W, we have been learning about local produce and farming and have learned about foods that are grown in Scotland!

Learning Across the Curriculum

We have absolutely loved learning all about the rainforest this term. We thoroughly enjoyed our trip to Amazonia where we learned lots about the different animals that live in the rainforest. We have also enjoyed creating some art based on these animals using different materials to create these. We also used our phenomenal problem solving skills to create a wonderful recreation of the rainforest within a shoebox!

Thank you so much for joining us for our showcase all about the rainforest!
