

## Room 2 – P3/4

Term 1 August - October 2024

### Literacy

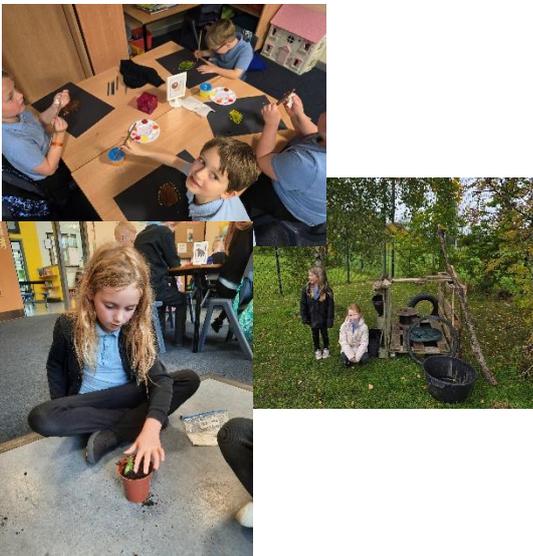

In Literacy this term, P3/4 have been working really hard to use a variety of punctuation in their writing. We have been playing 'Punctuation Police' to identify statements and questions.

### Health and Wellbeing

In P3/4, the class have been focussing on ball skills in team sports and have been successful in identifying positions and tactics.

We have also focussed on identifying our emotions and ways regulate these.

### Numeracy

Primary 3/4 focussed on place value this term. They were partitioning numbers and showing the values with hundreds, tens and unit counters.

All of P3/4 have also been learning to describe 2D and 3D shapes and have used different materials to make these.

### Learning Across the Curriculum

As part of our Science topic, the children in P3/4 have been learning all about living and growing. In class, the children have planted their own bean to grow and have thought about all the different things needed to keep it alive.

During Outdoor Learning, the children created different habitats for animals to live in. They had to consider animal size and weather.

In Art, the children were looking at Pointillism and created beautiful Autumnal artwork.
