

## Room 3

Term 3 January-April 2025

### Literacy

This term we have enjoyed reading a range of genres, including poetry, magazine, adventure and non fiction texts.

The class all learned a Scots poem called 'The Auld Broon Troot'. During this we enjoyed exploring the Scots language and even created our own Scots Dictionaries.

### Numeracy & Mathematics

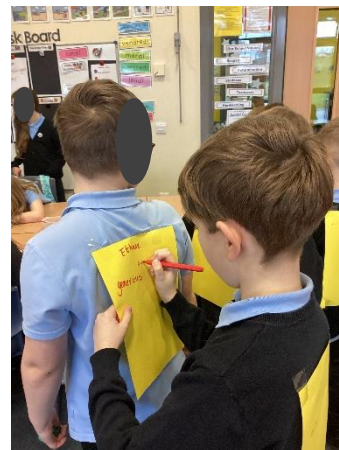

This term we have been playing lots of games to help develop our multiplication and division skills. We even created our own games to help with our times tables.

We linked learning about money to our Red Nose Day activities.

### Health & Wellbeing

We have been learning about positive character traits we have and would like to develop. We created a word cloud of these positive character traits.

We also enjoyed creating a book for each person in the class to show them what we think is marvellous about them.

### Learning Across The Curriculum

It was great fun to welcome friends and family to Room 3 in February to share about our brown trout. Through this topic we developed lots of different skills such as mapping, measuring, observing and recording. The sun shone as we released our trout alevins into the River Clyde.
