

Room 4 - P6/7

Term 2 October - December 2025

Literacy

We have continued to develop confidence in our writing throughout this term and have been learning to expand our sentences using the 5 W's (who, what, where, when, why) and by adding conjunctions, adjectives and adverbs.

We focused on non-fiction writing this term and we wrote our own newspaper articles and information reports about Natural Disasters, linked to our topic. We also wrote imaginative instructions about "How to steal Christmas" inspired by the Grinch.

Numeracy

Room 4 have been developing confidence working with money throughout this term. We have learned to confidently total amounts and calculate change mentally. We applied our knowledge to a real-life scenario through our Christmas Enterprise Raffle "Happy Hampers".

Health & Wellbeing

This term we participated in Anti bullying Week, and we discussed the importance of treating others with respect and kindness. We learned the importance of empathy and understanding how others may react to a variety of situations.

We focused on cyber bullying and shared our knowledge of how to keep safe online, as well as how to ensure we are treating others with respect while online.

We designed posters to show what we had learned and to encourage others to "Report, Save and Block".

Learning Across the Curriculum

We visited Dynamic Earth to participate in a Natural Disasters workshop, and we learned lots of facts to share with parents and guardians at our Showcase. We demonstrated confidence, creativity and teamwork while completing experiments - we had an erupting volcano, homemade tornadoes, a very wet tsunami demonstration and a real-life shaker board to see who could make a structure that could withstand an earthquake.

Mrs Murray, Mrs Speirs and Room 4 would like to wish you all a very Merry Christmas and a Happy New Year!
